Todd Harrison, Northwest Region
Bill Vlcek, Northwest Region

Craig Stone, Urban Corridors
Steve Roark, Olympic Region
Phil Nickson, South Central Region
Glenn Schneider, Southwest Region

We have completed a summary of stewardship reporting requirements for WSDOT construction contracts. The summary is contained in an Excel Workbook and is available on the Internet at the Construction Office Website (Resources, Reports). Please review the lists in this summary and advise of any discrepancies.

Questions about stewardship reporting, the procedures and requirements can be directed to me at anytime. I am also available to come to your region to provide training or to attend discussions of the subject.

Please distribute to the appropriate personnel.
